Dear Judge Shelby,

Your Honor I am writing to petition the court for early release from probation. While I was in prison I successfully completed the RDAP program and also some college courses.

When I was at the halfway house I completed the aftercare program at DeNovo addiction treatment center. I have passed every drug test that I have been administered and frankly I am not interested in taking drugs ever again.

I am grateful for the time I spent in prison. The amount of personal growth I experienced in my personal life is unparalleled.

I have maintained continuous employment with the same company since my release. No restitution, no fines.

Thank you for taking the time to read and consider my request.

Sincerely,

Pablo Sanchez.
